§This is a Mining Tube (Tran Mine) designed only for use in the 7.00-15 Rock Grip Excavator Tire when used in mining service.

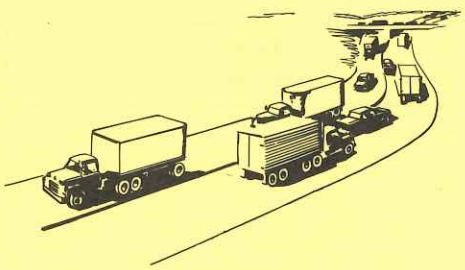
Available for district stock where market warrants.

Prices on this list supersede all prices on previous lists and are subject to change without notice. Federal, State and Local Taxes, if any, are to be added to the prices shown. Prices and taxes are subject to change on account of any change in cost resulting from any Federal, State or Local Tax, Law or Regulation now in effect, or as changed or becoming effective hereafter. This list does not constitute an offer and we reserve the right to decline or accept any order.

NOTE: In each case "Excise Tax" shown is to be added to the price shown.

NOTE: Use special nomenclature shown in parentheses for Ordering, Billing and Selling and show Ply Rating on each tire.

NOTE: The shipping weight of Tubed-Type Truck Tires, except sizes 6.70-15, 6.00-16 and 6.50-16, include the weight of a flap.



Every new tire or tube of our manufacture, bearing our name and serial number, unless branded as a second, is guaranteed to be free from defects in workmanship and material.

If our examination shows such tire or tube to be defective, we will either repair it or make an allowance against our then current list price towards the purchase of a new tire or tube of our manufacture, according to the unused tread wear on the defective tire or unused service of the defective tube. The allowance will not include cost of service, transportation or local sales taxes which costs are to be borne by the owner making claim.

This guarantee is for the exclusive benefit of the owner actually using these products, is not assignable and no claim hereunder will be recognized unless submitted on our official claim form, properly filled out and signed by such owner.
